

**IN THE DRAWINGS**

Please replace drawing sheet 8 with the replacement drawing sheet included herewith. The amendment to FIG 8. is supported by originally filed specification at page 22, paragraph 76, (corresponding page of clean substitute specification 27, lines 6-13), which states "Retrieval of the information in the original sequence T1, T2 and T3 from R1-R4 in arrays A, B and C is subsequently accomplished."
